

Cyberbullying Victimization Among Individuals with Physical Disabilities

ALLIANT
INTERNATIONAL UNIVERSITY

The researcher is interested to understand the experiences of cyberbullying victimization from the perspectives of individuals with physical disabilities. Participants will be asked to participate in an online semi-structured interview, which will be about 60 to 90 minutes.

Upon completion of the interview, participants will have the option to receive one of the two incentive options: (1) \$15 Amazon electronic gift card; and (2) \$15 Starbucks electronic gift card.

To participate, you must:

- Be at least 18 years of age
- Be an English speaker
- Be a victim of cyberbullying
- Have a permanent physical disability
- The onset of the physical disability must be before the occurrence of cyberbullying victimization
- Be able to provide informed consent verbally

Definition in the current study:

Physical Disability

- “Characteristics that are apparent to others such as the presence of genetic disorders, speech, sensory and mobility problems, and characteristics that are less apparent to others such as the presence of epilepsy or general health problems” (Ali et al., 2016, p. 467).

If you meet the above criteria and are interested to participate, or if you have questions:
