

ALLIANCE FOR A
HEALTHY KANSAS

The start of the 2021 Legislative Session is just a few weeks away, and new legislative leaders have been selected to set the tone and the agenda for the session. It's imperative that these lawmakers prioritize Medicaid expansion.

For years now, the will of the Kansas people and the majority of the Legislature has been ignored by a small handful of elected officials in powerful leadership positions. We must let them know now — before the session begins — that Medicaid expansion is critically needed in light of the COVID-19 crisis.

The power to expand Medicaid, insure tens of thousands of working Kansans and help our economy recover from the pandemic rests with our new legislative leaders. Please take a few minutes to urge them to do the right thing and expand Medicaid as early as possible in the upcoming legislative session.
